

**The Iowa Supreme Court**

CLERK SUPREME COURT

**In the Matter of Iowa Rule of )  
Appellate Procedure 6.1103(4)(b) )                   Order  
and Adopting New Forms 7 and 10 )  
of Rule 6.1401. )**

---

On November 18, 2016, the Iowa Supreme Court adopted widespread changes to the Iowa Rules of Appellate Procedure in chapter 6 of the Iowa Court Rules, effective March 1, 2017. The changes necessitated amendment to Rule 6.1401—Form 7: Certificate of Compliance with Type-Volume Limitation, Typeface Requirements, and Type-Style Requirements. The changes also envisaged adoption of a new form 10 regarding compliance requirements for applications for further review.

The court strikes current form 7 from rule 6.1401 and replaces it with the new form 7 provided with this order. The new form 7 contains an amended internal rule reference consistent with the November 18 changes to chapter 6 and is otherwise streamlined for better clarity.

The previous changes to chapter 6 included the addition of rule provision 6.1103(4)(b) providing that “An application for further review must include a certificate of compliance using form 10 of rule 6.1401.” That rule provision should have included a reference to resistances to further review applications as well, and the court adopts that amendment to the rule at this time as provided with this order.

Finally, the court adopts new rule 6.1401—Form 10: Certificate of Compliance with Typeface Requirements and Type-Volume Limitation for an Application for Further Review or a Resistance to an Application for Further Review, provided with this order.

The amendment to rule 6.1103(4)(b) and the new forms 7 and 10 of Iowa

Rule of Appellate Procedure 6.1401 as provided with this order are effective beginning March 1, 2017.

Dated this 23rd day of February, 2017.
